

# The Must-Attend Event for the Fastener Industry

**May 16-17, 2023**

Fastener Fair USA is back and better than ever! The highly anticipated trade show is taking place at Music City Center in Nashville, TN from May 16-17, 2023, and it's not one to be missed. This year's event promises to be bigger and better than ever, with new exhibitors, industry-leading products, and a range of educational and networking opportunities.

Fastener Fair USA is a unique opportunity for members of the entire fastener supply chain to connect, network, and learn about the latest trends, products, and technologies in the industry. The event features nearly 200 exhibitors showcasing a wide range of products and services, including fasteners, adhesives, assembly tools, and more.

At Fastener Fair USA, attendees will have the chance to:

- Meet face-to-face with leading fastener manufacturers, distributors, and suppliers
- Discover the latest products and technologies in the industry
- Attend educational seminars and workshops presented by industry experts
- Network with peers, competitors, and potential customers
- Learn about trends and emerging markets in the fastener industry
- Gain insight into strategies for improving efficiency, productivity, and profitability

An additional highlight of this year's Fastener Fair USA is the annual Fastening 101 Conference presented by the Fastener Training Institute, taking place on May 15. This conference is designed to provide attendees with a comprehensive overview of the fastening industry, covering topics such as covers manufacturing processes, consensus standards, quality control, product and design fundamentals, and more. Whether you're new to the industry or a seasoned veteran, the Fastening 101 Conference is a must-attend event.

Another exciting feature of the Fastener Fair USA is the opening night Networking Party happening on May 16 at 5:30 pm at the Country Music Hall of Fame. This event provides attendees with the opportunity to network with peers, meet industry leaders, and make valuable connections. The opening night Networking Party will feature live music by Tommy O'Keeffe, an open bar, hors d'oeuvres, and private touring access to the museum exhibits.

"We are thrilled to be hosting the Fastener Fair USA again this year in vibrant Nashville, TN," said Bob Chiricosta, Event Director of Fastener Fair USA. "Our team has been working to ensure that this year's event is the best one yet. With new exhibitors, educational opportunities, and networking events, we are confident that attendees will leave with new knowledge, new connections, and new ideas."

The Fastener Fair USA is the ultimate destination for anyone involved in the fastener community. Don't miss this opportunity to connect with the industry's top players and stay ahead of the curve!

## Strong Fastener Show in Shanghai China

## International Fastener Show China 2023

To enhance the technological and commercial communion between China Fastener Industry and global colleagues, International Fastener Show China (IFS China), which is organized by China General Machine Components Industry Association and China Fastener Industry Association and implemented by Shanghai Afaster Exhibition Co., Ltd. and Hannover Milano Fairs Shanghai Ltd., is a three-day exhibition held at Shanghai World Expo Exhibition & Convention Center during May 22-24, 2023.

IFS China covers 42,000 square meters with Hall 1 and Hall 2 in SWEECC Shanghai. In 2023, there are 800+ high quality exhibitors covering fastener machinery, fastener materials, moulds, consumption goods, fastener products. By making full use of resources, influence and buyer data of organization committee, we can facilitate the internationalization, profession and branding of this exhibition.

### Part of branded exhibitor are below:

Branded Fastener: Shanghai High Strength Bolt Factory Co., Ltd., China Aviation Industry Standard Parts Manufacturing Co., Ltd., CHUNYU, Changshu Standard Parts Factory Co., Ltd., Zhejiang Zhapu Technology Co., Ltd., Jiangsu Yongyi

Stainless Steel Fastener: Tongming, Aozhan, TENGLONG GROUP, Dainan Group, LianHe ChuangLi, Zhejiang Lifeng

High Strength Bolt and Nut: Shanghai High Bolt, Eagle Metal, Weiye, Hongmao, Donggang, Jinan Star Fastener, Shanghai Shenguang, Dingxi High Strength, Anhui Goodlink

Auto Fastener: Shanghai Shang Biao Automotive Fasteners Co., Ltd., Shandong Gaoqiang, ZHEJIANG QUNZHAN, Wenzhou Meiquan, Handan Runhe, Zhejiang Ruijin

Rivet Nut and rivet: Guangqingchang, Shanghai Fast-Fix Rivet Corp., Jiexi Xili, Meishan CRRC Fastening System Co., Ltd., Ningbo Shengxin, Hebei Fuyang, Jiangsu Awd, Hunan Lianggang, Jingjiang Kaiqiang,

Drywall Screw and Drilling Screw: Wuxi S-Fix, Sanmu Metal, Alfirste Hardware, Ningbo Exact, Handan Tonghe, Dongguan Honghui, Tianjin Kroda, SHENGDIU

Washer and Clamp: Dongbo, Kaixu, RuiAn Longchang, Pinghu Kangchengda, Ruian Shengdong, Hengchang, Ruisu Fastener,

Construction Fastener: Handan Tedun fastener, Handan Gusen, Handan Deli, Handan Yanzhao, Handan Changfa

Overseas Machinery: Nedschroef, Sacma, Carlo Salvi, National Machinery, Sakamura, Nakashimada Ronderson, Marposs, Aerospace Fastener Technologies, 3View

Local Machinery: Sijin, Haixing, Dongrui, Chunzu, Boyu, Guozhi, Yeswin, JIASHAN MDS, Jiancai Machinery, Ansheng, Teli, Jinggu, Baotuo, Lik Tin, Yuhai Machine, Zhejiang Shengrui, Shanghai Yi Ming, Hwa I Precision, Dongguan JIN.CHI, YONG JIN, Ningbo Tianxiang

Packaging Machinery: Dongguan An Xiang, Kunshan Pinyi, Shanghai Feiy, Wenzhou Zhongxin, Suzhou Feiyue, Wenzhou Zhengkun, Wenzhou Gongyou, Changzhou Fengda, Focus Machinery, Shanghai Kunbu

Inspection equipment / Measuring devices: Marposs, UNITECHO Technology, YuanTuo Automation, Quanying, Dongguan Yachuang, Openex Intelligence, TAIMECO, Zhejiang Keli Automation, True Precision

Materials: Baosteel, Masteel, Xingtai Iron and Steel, Ansteel Group, Tenglong, DAIDO STEEL, Huanghua Jujin, KUNSHAN GREATLOY

Mould and Consumption Goods :TAIHO TOOL, Zhejiang Wanying Henghui, Suzhou Jungu, TAICANG SINOMA, Taiya Rdp Mould, Japan Hardware, Taicang Minghao, MKU Chemical Trade, Wenzhou Zhongya, Dongguan Donglong, SALA, Suzhou Taizhan Mould, Taicang Xuhui

Heat Treatment: TAINAN CHIN CHANG, JIA SHAN SAN YUNG, SUMON, Jianshan Aolike, Jiaxing Zhongmao, Jiaxing Jinchí Zhongmao, Jiaxing Jinchí, Suzhou Xinling, Hangzhou Hangshen, YANGZHOU CANAAN, Suzhou Jinkai, HKBY THERMO ENGINEERING

In the corresponding period, there are a series of activities related to fastener industry, including Theme Lecture of Fastener Technologies Exchange will also be arranged on site, inviting industrial specialists to discuss and analyze the developing trend of Chinese and global fastener industry. It is believed that IFS China will be built as one of the up-most and professional exhibitions for China Fastener Industry to welcome the global peers. It shall be a honor for us to meet friends at IFS China 2023 in Shanghai.

## International Fastener Show China 2023

**May 22-24** Shanghai World Expo Exhibition & Convention Center

# 2023 13th Fastener Expo Shanghai

**June 5-7, 2023**

**13<sup>TH</sup> FASTENER EXPO SHANGHAI**  
AUTOMOTIVE FASTENING SYSTEM EXPO 2023

Venue: Hall 1.1, Hall 2.1 and North Hall of Shanghai National Exhibition and Convention Center

About the show: Shanghai Shangsou Exhibition Co., Ltd. continues to build a professional exhibition in the fastening industry with the spirit of "craftsmanship" and a new positioning as an innovative platform for the global high-end fastening industry. Over the past twelve years, with the support and enthusiastic participation of major associations, international and domestic well-known fastener manufacturers, and equipment/wire/mold manufacturers, Fastener Expo Shanghai has become one of the top three fastener exhibitions in the world and an industry benchmark for the fastener industry in China and the world.

### Exhibition Scale:

**Exhibitors : 800+    Visitors : 10,000+    Venue space area : 56,000 square meters**

**50 concurrent meetings    40 global purchasers for matchmaking    100 associations and partnering media**

### Scope of Exhibits:

#### Fastening Equipment

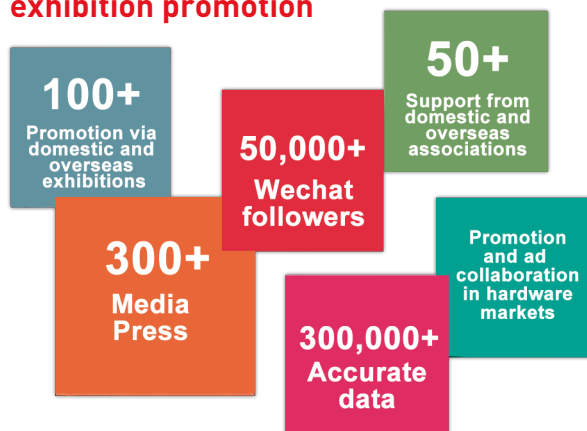

Fastener production equipment, fastener materials, fastener molds and consumables, inspection equipment, packaging equipment and other related production technologies and equipment, etc.

#### Finished Fasteners

Standard fasteners, non-standard fasteners, automotive fasteners, structural steel fasteners, wind power fasteners, electronic and electrical fasteners and other fastening products for professional applications, etc.

Official website: <https://fastenerexpo.cn/>

### Comprehensive online and offline exhibition promotion

**June 6-8, 2023**

**The event will take place from 6 to 8 June at the Bilbao Exhibition Centre.**

The main players in the Smart Manufacturing value chain will gather from 6 to 8 June at +INDUSTRY 2023, the major industrial platform, which will simultaneously host the ADDIT3D, BeDIGITAL, MAINTENACE, PUMPS&VALVES and SUBCONTRATACIÓN trade fairs, as well as the specific section focused on the industrial supplies and hardware sector. So far, more than 489 exhibitor companies have confirmed their participation in the event.

+INDUSTRY will feature sectorised displays of the main innovations and advances in manufacturing processes and supplies for industry, digitalisation, and additive manufacturing, as well as equipment for industrial processes and the latest products and technologies for maintaining assets and facilities in Halls 1 and 3 of the BEC.

It will be a comprehensive and attractive promotional showcase in commercial and technological terms, and will feature companies such as JG AUTOMOTIVE, ALBERDI MEKANIZATU LANAK SL, KL-KATEALEGAIA, EGA MASTER, VICINAY, HEICO FASTENER, ABBYY, ZUCHETTI, CEGID, PIXEL SISTEMAS, DELTECO, MAQUINSER, PEKOS GROUP, TÉCNICA DE FLUID OS, MEI VALVOLE, BOSCH, ROSMIMAN and GENERAL DRIVER MOTOR.

Thanks to the participation of these and other companies and entities, which will offer commercial solutions and proposals to open the way to new markets and products, representatives of large firms such as ACCIONA, ACITURRI, AIRBUS, AMPO, ARCELORMITTAL, ARTECHE, BRIDGESTONE, CAF, EDP, GAMESA, GESTAMP, HENKEL, IBERDROLA, ITP AERO, MERCEDES-BENZ, PEPSICO, PETRONOR, RENFE, SIDENOR, SIEMENS, SOLVAY, TUBACEX, UNILEVER y VOLKSWAGEN GROUP have already registered to attend the fair.

In an industry, such as the advanced one, that is in constant development, it is essential remain at the forefront of innovation to offer competitive and innovative products. This is why +INDUSTRY has enhanced its profile as a space for business and knowledge transfer thanks to a multi-sector conference programme that will address the key aspects related to 4.0 solutions for industry with more than fifty specialists from around the world.

Moreover, the programme of activities will include live demonstrations, Innovation Workshops, networking activities and B2B meetings. The latter will include the 20th European Industrial Subcontracting Meeting, one of Spain's largest forums for B2B meetings, which will feature around a thousand sessions.
